

# All Church Work Party

The next All Church Work Party is Saturday, August 4 from 10 AM to noon. Everyone is welcome! There are many tasks, small and large, to do.

There's an air conditioner to install in the office to help Virginia survive the heat

There's a big crack in the parking lot outside the Fireside Room that needs to be cleaned out and patched.

There are weeds in the lawn that need to be sprayed.

It is hard to see here but there is a pothole in the driveway that needs to be patched before it gets bigger.

There are a few weeds and dead daffodils in the garden beds that can be cleaned up.

There are a few weeds in the parking lot that need to be sprayed before they do more damage.

There are also some weeds that can be weedwhacked here and there around the property.

And then there is the big project of installing the pavers to replace the walkway outside the fireside room.

All the tools and supplies for these jobs will be at the church. Just bring lots of water to drink and a good pair of gloves.

Come on down and lend a hand!
